7 TH ANNUAL AIM (AI IN MANAGEMENT) CONFERENCE 2027

https://sites.google.com/view/aimanagement

We are happy to announce the 7th Annual AIM (AI in Management) Conference in Los Angeles, on March 19–20, 2027. The conference co-chairs are Gerard J. Tellis, Bowen Lou, Dan O'Leary, Nan Jia (USC Marshall); Hyo Kang (Seoul National University); and Atul Parvatiyar (Texas Tech, Rawls).

- **Submission link:** https://forms.gle/W135GbRDdJMSbzZz8
- **Submission Deadline:** November 19, 2026
- **Acceptance Decisions:** December 19, 2026

We invite submissions to bring together research from Accounting, Economics, Finance, Information Systems, Management, Marketing, Statistics, and Operations Research on the topic of Artificial Intelligence. We welcome papers on the following topics, though other papers on AI in management are also welcome:

- Effectiveness of Generative AI in Education, Creativity, and Ideation
- Identifying Fake Reviews, Posts, and Accounts
- AI Ethics, Bias, and Discrimination
- Economics of Artificial Intelligence
- AI in Automation / Job Replacement
- Use of ML / Deep Learning in Advertising
- Use of ML / Deep Learning in Regulating Platforms
- Application of ML Methods in Management / Marketing / Information Systems Research
- Applications of Natural Language Processing or Machine Vision
- Development of Novel Statistical Techniques with Business Applications
- Large Language Models

Conference presentations run for 12 minutes, followed by 3 minutes of Q&A. The event may include keynote presentations from industry and academic experts.
